Anjali Rao

Hyderabad, India | anjali.codes@gmail.com | +91 9988776655

Summary:

AI enthusiast with strong theoretical understanding of deep learning. Experience with CNNs, NLP, and time-series analysis.

Skills:

- Python, PyTorch, TensorFlow, LSTM, Transformers

- Keras, Jupyter, Scikit-learn, Pandas

Projects:

Text Sentiment Analyzer

- Built LSTM-based sentiment classifier using Twitter data

- Achieved 87% accuracy

Medical Image Classifier

- Developed CNN-based classifier for X-ray image classification

Education:

- BTech, Artificial Intelligence 20192023
